

Sandy Run Community Planning Project

Calhoun County, with grant funds from Central Midlands Council of Governments, is undertaking the Sandy Run Community Planning Project. The project is designed to ensure that continued growth of businesses, industry and housing in the Sandy Run area will make the community a better place to live, and that the roads, water, sewer and other services will be planned in a way to serve new development efficiently. Residents will have several opportunities to provide input into the development of the plan, which should be completed in early 2019. Public meetings will be held to provide residents an opportunity to provide input as the plan is being developed. Your answers to the questions below will help us develop the plan and schedule public information meetings.

1. What day of the week or weekend would be most convenient to attend a meeting (circle all that apply)
